Two-Day Workshop on Heat Treatment

February 19-20, 2010

Venue

Comfort Inn Marina Towers
2A, Ponniamman Koil Street
Egmore, Chennai 600 008
(Next to CMDA Building) Ph: 28585454

Organised jointly by

www.asmintl-chennaichapter.org

Preamble

ASM International is the society dedicated to serving the material science and engineering. Through a world wide network ASM provides authoritative information and knowledge on materials and processes from the structural to nano scale. In line with this objective, the Chennai Chapter of ASM International provides from tailor - made in-house courses to suit specific organizations to updation of latest developments by organized technical lectures and national seminars. To extend its services further to engineers and executives who do face material related work assignments and problems, ASM is organizing a Two day Workshop on Heat Treatment.

Concept

The Workshop will cover a wide range of heat treatment processes and practices and will provide a forum for exchange of information as well as an opportunity for discussions and networking with colleagues from industry and academia.

Faculty

Professionals in related fields drawn from various industries and academics will be the core faculty.

Who should attend

Senior and Middle management executives and Engineers functioning in design, planning, material management, vendor development, production and quality assurance are among others to benefit from this Workshop.
